Dear Mr. Williams:

This is in reference your letter dated April 28, 2011, concerning the McCurtain County Regional Airport. We have reviewed the submitted data relative to Section 404 of the Clean Water Act (CWA).

Based on the provided information the unnamed tributary of Perry Creek and the on channel pond (unnamed tributary) are located within the review area. Placement of dredged or fill material, permanently or temporarily, into these jurisdictional waters which are regulated by Section 404 CWA, would require Department of the Army (DA) authorization prior to commencement.

Your project has been assigned Identification Number 2011-143. Please refer to this number during future correspondence. If further assistance is required, contact Mr. Marcus Ware at 918-669-7403.

Sincerely,

David A. Manning
Chief, Regulatory Office

OKLAHOMA AERONAUTICS COMMISSION

April 28, 2011

U.S. Army Corps of Engineers
Regulatory Office
1645 South 101st East Ave.
Tulsa, OK 74128

Dear Sir or Madam,

The Oklahoma Aeronautics Commission (Commission) is proposing to do extensive earthwork (excavation and embankment) within the property boundaries of the **McCurtain County Regional Airport**, located near **Idabel, Oklahoma**. The project will be funded with state funds from the Commission and federal funds from the Federal Aviation Administration.

In order to determine the environmental significance of the project, formal comments from state and federal resource agencies regarding the potential impacts to threatened and endangered species, wetlands, and cultural resources are being solicited. Therefore, the Commission is soliciting your agency's comments regarding the potential impact the earthwork project may have on the resource(s) under your agency's protection. Please send you comments to the following address:

Oklahoma Aeronautics Commission
120 N. Robinson Ave.
Suite 1244W
Oklahoma City, OK 73102

To assist you in this matter, please find attached (1) a sketch georeferencing the property boundaries where the excavation and embankment may occur.

Thank you for your assistance in this very important matter. Should you have any questions please contact me at (405) 604-6900 or email dwilliams@oac.ok.gov.

Sincerely,

Dale Williams
