Re: Proposed earthwork at Altus/Quartz Mountain Regional Airport, Area A-2. Legal Description: NE ¼ Section 30 T3N R20W, Jackson County, Oklahoma.

Dear Mr. Williams:

The Community Assistance Program staff of the Oklahoma Archeological Survey has reviewed the above referenced project in order to identify areas that may potentially contain prehistoric or historic archeological materials (historic properties). The location of your project has been crosschecked with the state site files containing approximately 18,000 archaeological sites, which are currently recorded for the state of Oklahoma. **No sites are listed in your project area, but based on the topographic and hydrologic setting of your project, archeological materials are likely to be encountered. An archaeological field inspection is considered necessary prior to project construction in order to identify significant archaeological resources that may exist in the project area.** Please contact this office at (405) 325-7211 if you require additional information on this project.

This environmental review and evaluation is performed in order to locate, record, and preserve Oklahoma's prehistoric and historic cultural heritage in cooperation with the State Historic Preservation Office, Oklahoma Historical Society, and you must also have a letter from that office to document your consultation pursuant to Section 106 of the National Historic Preservation Act. In addition to our review comments, under 36CFR Part 800.3 you are reminded of your responsibility to consult with the appropriate Native American tribe/groups to identify any concerns they may have pertaining to this undertaking and potential impacts to properties of traditional and/or ceremonial value. Thank you for your cooperation.

Sincerely,

Shawn Lambert  
Staff Archaeologist

Robert L. Brooks  
State Archaeologist

## OKLAHOMA AERONAUTICS COMMISSION

February 17, 2012

Oklahoma Archeological Survey  
111 E. Chesapeake, Room 102  
Norman, OK 73019-5111

Dear Sir or Madam,

The Oklahoma Aeronautics Commission (Commission) is proposing to do extensive earthwork (excavation and embankment) within the boundaries of the **Altus/Quartz Mountain Regional Airport Area A-2**, located near **Altus, Oklahoma**. The area for review (labeled **A-2** on the attached map) with this letter involves land beyond 500 feet to the north of the pavement edges as labeled on the map. The project will be funded with state funds from the Commission and federal funds from the Federal Aviation Administration.

In order to determine the environmental significance of the project, formal comments from state and federal resource agencies regarding the potential impacts to threatened and endangered species, wetlands, and cultural resources are being solicited. Therefore, the Commission is soliciting your agency's comments regarding the potential impact the earthwork project may have on the resource(s) under your agency's protection. Also, if you are aware of any required coordination with any Native American Nations or Tribes, please let us know. Please send your comments to the following address:

Oklahoma Aeronautics Commission  
120 N. Robinson Ave.  
Suite 1244W  
Oklahoma City, OK 73102

To assist you in this matter, please find attached (1) a sketch georeferencing the property boundaries where the excavation and embankment may occur.

Thank you for your assistance in this very important matter. Should you have any questions please contact me at (405) 604-6900 or email [dwilliams@oac.ok.gov](mailto:dwilliams@oac.ok.gov).

Sincerely,

A handwritten signature in blue ink that reads "Dale Williams".

Dale Williams  
Airport Development Manager  
Oklahoma Aeronautics Commission
