Dear Mr. Williams:

Please reference your February 1, 2013 correspondence regarding: Request for Comments, Stillwater Regional Airport, Areas A-3, A-5, A-6, A-7, A-9, and A-10 located in Payne County, Oklahoma. We have reviewed the submitted data to determine whether a Department of the Army (DA) permit would be required pursuant to Section 404 of the Clean Water Act.

A preliminary review indicates possible jurisdictional waters or wetlands may be present on described lands within the proposal. A DA Section 404 permit may be required if any future project requires placement of dredge or fill material into these areas.

We ask that you re-submit your request once more detailed site specific information, including construction plans, are completed. Please address any planned impacts to possible jurisdictional areas which may be present on the described lands.

Your request has been assigned Identification Number SWT-2012-326. Please reference this number during any future correspondence. If you have any questions please contact Mr. Ed Parisotto at 918-669-7549.

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Parisotto", is written over the word "Sincerely,".
